On the 11<sup>th</sup> of September 2007 5C went to visit the National Archives at Kew. We looked at Child Criminal Records and Mug Shots. Also we found out about life on the streets of Victorian Britain..

We went on the train to Richmond and then got another train to Kew. Then we walked to the Archives.

We worked in a room where the public were not allowed in and we worked with a lady called Eucaria.

Then Rohan J and Rianne M dressed up in ragged poor Victorian outfits. We had a great time and we really hope we can go again.
