

Pitch

Sing/Play

In class we have played the game song Sounds We Hear. Try singing it and listening to sounds you can hear at home. Is the pitch high (and squeaky) or low (and growly).

Song: Sounds we hear, through the window, far and near, soft and still, high and low, loud and clear....listen....

Write/Draw

Can you draw the pitch shape of four of the sounds that you heard? Is it a continuous sound or short? You may need to use dots or lines to draw your sound.

--	--	--	--

Try

Draw your own rhythm using crotchets and quavers then clap it back.

Crotchet

Quavers
